STE-10000 Complete coating equipment

1. Output: 10000tons/year, (8hours/day, 300days); total processing capacity: 130kw.
2. Accomplish whole process of vacuum feeding, dispersing, grinding, cooling, color exchange, filtering, and semi-automatic filling independently.
3. With high degree automatic level, realizes whole process automatic control, such as feeding measurement, product process and cleaning, ensuring stable quality.
4. The equipment's craft concentrates, less artificial factor, easy to production management.
5. We can design output1000-10000tons/year according to different clients' request.
